

Palm Gardens Affordable Housing

Lake Worth, FL

Wallis Murphey Boyington

Multi-Family Residential

Palm Gardens is an affordable housing project designed to be added into the residential street grids a few blocks from downtown Lake Worth. This development features townhouse buildings encompassing the site and lining the major streets and tucked within its inner streets are breeze way buildings and a centrally located amenities area including a club house, pool, and tot lot. The project reaches out to the pedestrian friendly neighborhood with porches, sidewalks, and street trees.
