

Wallis Residence

Polk City, FL

Wallis Murphey Boyington

Single Family Residential

Located on a Central Florida Lake, this 3,550 sq. ft. residence combines the spirit of a Japanese Pavilion and Florida's "Cracker" style. Though there are large expanses of glass, the large overhangs, up to 17 feet, reduce energy costs and give most rooms a glare free view of the lake. The testimonial by Mrs. Wallis, "It is a house that one doesn't mind being sick and having to stay home" is a compliment to the tranquility afforded by the overall siting, design and landscaping.
